

Thursday, April 9, 2020

Dear SRS Parents and Families;

I hope that you all continue to be in good health.

Thank you for your support through this time of adjustment. I know that it is a change for everyone in many different ways. We will continue to work through it all. I understand that all households do not or are not able to operate the same. Please know that we will try to work out a way to make this adjustment work for our families. Continue to give us your feedback so that we know how we can help. You can let the teachers know or call me or email directly (763-442-6718) cheryl.avina@srsmn.org

I want to remind parents of the AIM HIGHER additional funds available for families who may have had some income changes and may need additional financial tuition help. You must contact me directly so that I can fill out the necessary application for you and send it in.

Your child's classroom teacher will let you know if there are materials at school to be picked up. They will have the materials ready on Wednesday and parents will be able to pick them up on Thursday and Friday between 7:00-3:30. Please let us know if there are any concerns.

I want to remind parents that **communication is important**, if you are having any challenges getting materials, sending in homework, technical difficulties, etc. let us know immediately.

ENROLLMENT

In February returning parents were offered discounted enrollment fees to encourage you to enroll early. To date there are only 37 confirmed students enrolled for next school year. As we attempt to put a budget together for next year necessary changes would need to be made in our school programming based on this number of students.

Please send me an email indicating that your child will or will not attend next school year. This information is crucial to planning. Thank you so much.

God bless you during this Easter Season and always,
Cheryl Aviña, Principal
